INFO

SHOKEI - „Disassembling the early Unwound/Touch and Go jigsaw puzzle with their bare teeth, Shokei seem to transcend such borders and brandish their own urgent, dischordant mess upon the masses. Song after song, you are served a melodic hammer to the head until you are too dizzy to deny them. Their live shows an aural onslaught, their sometimes moustaches unrivaled, their drink holding apparatus unmatched. Music for the thinking man and the felon arsonist, all wrapped in one.“

Steven L. Chamberlain, a fan.

KIDS EXPLODE found each other in 2004 in the tiny black forest town Freiburg (Germany), after three of them had been playing in a band called The World Inc. for years, but decided to dump the old toys. None of them would have thought that the new lego bricks would fit that well, and still today, they cannot believe they released a demo tape, a split 12"/CD, a 4 way split 12" and now already the 3rd split 7". The blame is to put on Shokei, whose art of convincing is their most outstanding characteristic, next to their intellect, so the Kids were tricked and forced to do recordings. on their tour with Shokei in summer '06, north sea beach guards, frontyards in belgium and empty pubs in england were frightened, similar incidents should happen in may / june 2007 on the tour with End of a Year from Albany. Kids Explode is a semi-democratic, heterogeneous collective with completely different interests and views, and they like 80's disco moves.
